

NEGROES SWOOP DOWN ON CROWD

SERIOUS RACE RIOT OCCURS IN
DELAWARE TOWN AND FEEL-
ING RUNS HIGH.

LAUREL, Del., April 5.—About 10 o'clock Saturday night a mob of armed negroes swooped down upon a crowd of spectators in the main thoroughfare of the town and fired a volley of buckshot into the throng. Orme Stockley, 18 years old, son of a farmer living near Laurel, fell to the ground shot through the head. He was taken to a hospital in Salisbury, Md., where he died yesterday.

George Hudson, 50 years old, a white man of Bethel, was shot in the leg, necessitating amputation, and John Thompson, a white barber, was shot in both legs while shaving a patron. Other white men received minor injuries. Several negroes were injured, but they can not be located.

Officers were unable to cope with the mob and there was a fierce struggle between the two races until 3 o'clock this morning. Windows were shattered and the exterior of buildings was greatly damaged.

Today when it was learned that young Stockley had died, a number of white men armed themselves, and with Chief of Police Ellis and other officers, entered the colored section and raided the house, which was said to be the headquarters of the negro rioters. Three alleged ring leaders were arrested and taken to the county jail.

Earl Richards, a 15-year-old white boy, stole his father's revolver and captured George Wright, a negro, for whom the authorities have been looking for more than a year. Richards compelled the negro to hold up his hands until the officers arrived. Wright is said to be wanted in Virginia for the alleged murder of a white boy. Officers are endeavoring to apprehend the negro who fired the fatal shot at young Stockley. Open threats have been made of a lynching when he is captured.

LECTURE FOR THE YOUNG MEN.

Young man, says the Rocky Mountain Educator, I notice that you are not in school any more. What's the matter? Think you have received enough education to carry you through the world? Or do you stay out because you do not like to go? Didn't like the teacher, eh? Well, let me tell you that you will find the meanest teacher on earth now a dream of love beside some of the bosses you will work under in the cold and unfeeling years you will plow into when you have to hustle for yourself. Education is the most valuable thing in the world to a man, but to a boy it comes the cheapest. It costs you nothing now to get that for which many a man in town would give all he has to possess. You have the winning number in the lottery of education if you play it now. Loaf around a few years and you will always draw a blank. It is true that any man can make a living, but you will notice that the fellows who do it with their brains have an easier time of it than those who are compelled to do it with their muscles. At the present stage of the game the choice of jobs are not held by physical strength. Education will not crawl into your head while you sleep. The thing for you to do is to hike off to school tomorrow morning and stay there. Your holidays will come later when you need them.

MARS EXPECTED TO WIN CROSS-COUNTRY PRIZE

SAN FRANCISCO, April 5.—That C. J. Mars, aviator, will be the first birdman to cross the continent in a heavier-than-air machine and win the Hearst prize of \$50,000 is the belief of Captain Thomas Baldwin, who, after exhibiting throughout the far east with Mars, returned on the steamship Persia yesterday.

"In my opinion," Baldwin said, "Mars is the greatest aviator alive. If anyone will fly from the city of New York to San Francisco he will be the one."

"Our trip was successful in all ways. The only thing that seemed strange was the attitude of the English official throughout the Orient and India. We were never permitted to fly over any of the British fortifications."

"Mars will be back by the middle of May or earlier, if he can finish his engagements."

The Daily Bonanza reaches the people.

DRYS NOW WET WETS NOW DRY

CHANGE FOR TWO COUNTIES IN
MICHIGAN — SOCIALIST IS
ELECTED MAYOR.

DETROIT, April 5.—Calhoun, Jackson and Genesee counties changed from "dry" to "wet" by the election Monday and Losco and Montcalm shifted from "wet" to "dry." The fight was one of the closest ever waged in Michigan since the local option contests began, but the "wets" are jubilant over gaining Jackson, Battle Creek and Flint.

The republican ticket was elected by a safe majority and Flint has elected a socialist mayor, John A. C. Menton, winning by a plurality of from 400 to 500 over Edwin T. Atwood, republican.

It is difficult to estimate the majority given the republican state ticket. In counties where a local option fight brought out the voters the majorities ran up toward those of four years ago, when the total was more than 100,000. But in many counties the vote was so light as to indicate that the total majority of from 40,000 to 50,000.

Yesterday the Anti-Saloon league was only conceding that one county, Genesee, had changed from the "dry" to the "wet" column, and the majority in all three counties of Genesee, Jackson and Calhoun are estimated below 100. Of the "wet" counties, Montmorency's "wet" majority is estimated at five votes, and a contest is anticipated.

WHAT EDITOR GOODWIN THINKS OF MEXICANS

A dispatch says Mexicans do not like Americans, that the federal troops would just as soon kill a Mexican as an insurrectionist.

Well, we ought to be fair. Suppose we had a little civil war in Arizona, New Mexico, or Texas, and our federal troops went to capture a detachment of rebels and were to find among the captives a percentage of Mexicans who had stolen across the line to help make war on the United States. What would happen then?

No Americans have any business across the line fighting for either one side or the other and none ever went over for that purpose who did not understand perfectly their almost inevitable fate in case of capture.

They are entitled to little sympathy from this side, for they went not only to fight a power friendly to us, but to do what they might eventually to involve their own country in war. We must not expect Mexico to do what we would not do under the same circumstances.—Goodwin's Weekly.

LOST IN THE MOUNTAIN WILDS

CHARLES BECK OF PHILADEL-
PHIA HAS NARROW ESCAPE
FROM DEATH.

LOS ANGELES, April 5.—Lost amid the canyons in the mountains twenty miles north of here during a rain and snow storm, Charles Beck, a Philadelphia capitalist, had a narrow escape from death.

After having wandered aimlessly about for several hours and then finally collapsing, Mr. Beck was found by a party of rescuers at 2 o'clock yesterday morning.

Mr. Beck, in company with his daughter, Elsa, left the Tavern, 5000 feet up Mount Lowe, for the summit. He rode a burro, while she walked. Upon returning late in the afternoon Mr. Beck insisted that Miss Beck ride, while he started along the trail on foot.

She left him behind. When he did not return, guests at the Tavern organized a rescue party.

After reaching the summit they were able to find his trail in a light fall of snow. This led to a point six miles from where he had left his daughter, and there he was found in a huddled heap on the brink of the San Gabriel canyon.

As he suffered mostly from exhaustion, it is not believed his experience will leave any ill effects.

MURDERER EVIDENTLY COMMITTED SUICIDE

SAN RAFAEL, Cal., April 5.—Discovery yesterday of a body identified as that of Giuseppe Ceghi, shot through the head and lying in a field near here, is believed by local authorities to have ended the search for the man who, on March 11, murdered John La Franchi, a rancher, and Augustine Albertoni, his nephew, and twice shot Mrs. La Franchi.

The two men were shot at dawn, while milking their cows. Mrs. La Franchi, who survived, gave a description of the murderer, who, she said, had applied for work the night before, and had been taken in and fed, which corresponds with that of the body found today half a mile from La Franchi's place. A revolver, partly emptied, was found beside the body.

GOLD AND JEWELS WERE DIET OF VALLEJO COW

VALLEJO, Cal., April 5.—On the complaint of citizens of Cordelia, Henry Studer killed his valuable family cow, believing the animal to be suffering with tuberculosis. A post-mortem examination of the cow's stomach showed it to be a veritable junk shop. Among the articles found in the stomach were a gold watch and chain, a diamond ring, a door-knob, a piece of chain, a score of nails and many short pieces of barbed wire. The cow had coughed constantly for several months.

GRACEFUL ACT OF COLONEL ROOSEVELT

RESPECTS TO MRS. SPARKS
WINS HEARTS OF THAT
LADY'S FRIENDS.

RENO, Nev., April 5.—One of the considerate and kindly things that Colonel Roosevelt did while visiting here warmed the hearts of many who saw the incident on the porch of the Riverside at noon-time.

Colonel Roosevelt had asked to meet Mrs. John Sparks, the surviving wife of the late governor. His wish was granted and the grace with which he bowed over the slender hand of the little woman was pretty and touching to see.

It appeared that especially the ex-president bestowed a mark of deep and sincere regard and honor upon Mrs. Sparks and in return her manner was such as to reveal to the impulsive militant man the power and charming dignity of that personality which ruled the hearts of the beloved Master of the Alamo.

WIFE-BEATER SHOTS SPOUSE FIVE TIMES

PHOENIX, Ariz., April 5.—Failing to effect a reconciliation, Francisco Rodriguez shot his wife five times yesterday. Rodriguez tried to escape, but was overhauled by the woman's brother, after a chase of three-quarters of a mile, in which citizens and police participated.

Rodriguez was recently released from jail, where he served a short term for beating his wife after she refused to live with him. The shooting took place while the two were out walking, discussing their affairs.

PANAMA LABEL CASES COME TO AN END

WASHINGTON, April 5.—The curtain has been rung down on the celebrated Panama label suits against the Press Publishing company, proprietor of the New York World, and Delavan Smith, publisher of the Indianapolis News. United States Attorney Wilson has requested permission of Justice Wright in criminal court No. 1 to enter a nolle prosequere. The United States supreme court had decided that case in favor of the defendants.

A FINE ARTESIAN WELL.

The well just west of Wabuska, on the Nevada and California line, promises to prove a gusher. It is down to a depth of over 400 feet and now has a flow of water which runs over the top of the casing which stands some five feet above the ground. The flow is estimated at over forty gallons per minute. This is one of a number of wells being bored for the smelter, near Wabuska, and to furnish water for the town of Thompson.—Yerlagon Times.
